We are looking for **Science Teachers** to join our outstanding school as we grow into our seventh year. William Perkin Church of England High School opened as a Free School in September 2013 with its first intake of Year 7 students, and now has six year groups (7 - 12) totalling almost 1,160 students. The school is rated 'Outstanding' in all areas by Ofsted (June 2015) and SIAMS (October 2016) and is oversubscribed on first choice applicants. New post-holders may also have the opportunity to teach students of Ada Lovelace High School - the Trust's fourth school which opened in September 2018 with 125 students. The school is co-located at the William Perkin site until it moves to its permanent new building in September 2020.

Over the summer we received our first set of GCSE results which were outstanding both at a whole school and departmental level. The science department is very successful with science students at GCSE achieving over 1.5 grades higher than expected nationally. Over half of our triple science students achieved a grade 8 or better.

William Perkin School is a science college meaning that science is at the heart of school. There is a strong programme of wider learning including applied science lessons for all, and extensive stretch and challenge opportunities at all key stages. Each year students celebrate 'Founders' Day', a STEM enrichment day for all. As an EBACC subject, all students in key stages 3 and 4 have a 50-minute Science lesson every day. Once a week students have a 100-minute Applied Science session in which they explore the subject in a real world context. Our Sixth Form opened in September 2018 and during this academic year the department collaborated on creating a dynamic and exciting KS5 curriculum; those with an interest in teaching A-Level are encouraged to apply.

You are warmly invited to visit us and see for yourself what an outstanding school William Perkin is. To arrange a visit, please email the Head of Science, Tim Miall, at tmiall@williamperkin.org.uk

This role is suitable for NQT and RQT applicants. The new post-holder will be joining us at a time of growth and the organisation therefore offers good promotion prospects for motivated and energetic teachers who support the ethos of our schools.
